YEOMEN

Behold the "Paper Machine!" How many POD's have been typed, run off, and distributed by this group? Dave is "steady", Stan is "always ready" and Steve "just keeps typing". We thank these Yeomen for the fine job of keeping up our service records, typing up that liberty list on time, and keeping such fine notes on Captain's Mast, although the "fair haired boy" was often as not on the other side of the note pad!

Having to decide what kind of liberty to give and for how long is a tough job that our Executive Officer handles well. We are all thankful for those overnights in Olongapo and without a doubt the best liberty in the Orient. Keeping the troops scrubbed clean, squared away and "standing tall" is always a big order.
