CALLAO, PERU

Arrived Callao, Peru to the sounds of Sousa marches which set the pace for how Polar Sea's crew took Callao. With money exchanged and buses loaded, the crew set off for the night life of Lima. Dawn came with the stragglers making their way back while others set out for the sights of museums and Inca Ruins. Still others busied themselves buying, dickering, and trading in the Indian Markets. Time went by in a blur and all to soon we were underway for Valparaiso, Chile.
