

On 8 August, the SPENCER, collaborating with Coastal Surveillance Group 36, made a MEDCAP visit to the village of Cong Hoa, five miles inland from the Ba Sac River. While the SPENCER "Docs", assisted by a Vietnamese Corpsman-interpreter, tended to the sick, GMC Steve FUTRELL and SO1 Wayne McCLELLAN distributed candy to the village children.

While on Area 7, the SPENCER made three Naval Gunfire Support missions, firing 468 rounds. At the end of the week of 9-15 August, SPENCER received a message of special recognition as "Unit of the Week" from Commander Task Force 115 for "outstanding performance at Naval Gunfire Support."
