

STEWARDS

Front: TN Al Abejuela, SD3 Cesar Eclarinal, TN Ben Yucoco. Rear: TN Andy Pacis, SD1 Cornelio Marquez, CWO Al Perry, TN Pete Dichoso, SD3 Pedro Sinon. Missing: SD3 Dan Villanueva.

The steward rating dates back before the days of the American Revolution. The Steward's work is a personal service; the ship's officers are our customers. It is generally agreed that one receives more satisfaction for work well done and performed as a personal nature for someone else. The steward has greater opportunity to come into daily contact with all officers, for the steward's work takes him into the officer's stateroom, the wardroom, the galley, and the captain's cabin.

Marquez oversees operations in the wardroom, and Villanueva and Eclarinal share the cooking duties. Abejuela, Yucoco, and Dichoso combine in serving meals and cleaning officers' country. Sinon and Pacis perform the cooking and serving in the cabin.
