

MELBOURNE

On Sunday, two days after leaving Hobart, we moored at Melbourne, Australia. In spite of cool weather, **Westwind** men could be found at a variety of places in and around Melbourne — The beaches, bars, restaurants, zoo, or just sightseeing. The Safari and Whiskey-a-Go-Go are names long to be remembered from Melbourne.

While in Melbourne, **Westwind** was honored by a visit from the American Counsel General to Australia. The ship was dressed in its best colors and full honors were extended for our diplomat.

On the morning of March 6, **Westwind** once again continued its long journey home, taking with it many fine memories.
