

Enroute Kaohsiung, the engineers unleashed all 6400 mighty horses in a full power run, not so much to test the machinery as to see whether anyone remembered how to do it. Through concerted effort, the Engineering Dept. has proved that New Bedford's finest still has what it takes, even after 24 years.

"The bridge just passed 'Switch your engines!'"

DEBENEDETTO and "ROBBIE" conduct compression check.

"You know they're safe with Oil Heat."

Chief LUNNING inspects injectors.
