Installation Overview

WELCOME TO NAVAL AIR STATION FALLON, NV

NAS Fallon is home to the Naval Strike and Air Warfare Center, Fighter Squadron Composite 13, Strike Fighter Wing Pacific Detachment Fallon and Construction Battalion Unit 416. NAS Fallon is the only facility in the Navy where an entire carrier air wing can train together in the strike tactics which have proven to be successful in combat. Many Navy pilots who flew in Operation Desert Storm credit their success to the realistic training they received at NAS Fallon. Although the air station is relatively small in size the excellent training facilities, four bombing ranges, electronic warfare range, 14,000-foot runway and clear flying weather more than 300 days per year, make NAS Fallon one of the premier Naval installations. A medical clinic, chapel, commissary, clubs, exchange facilities, library and recreation facilities serve the needs of the 1,650 sailors and 1,300 civilian employees who call NAS Fallon home. From its beginnings as a WWII Army Air Corps air strip in the early 1940s, Fallon has had many uses and missions. Today, its main mission is fleet support which NAS Fallon personnel carry out with pride and enthusiasm. Although relatively isolated, NAS Fallon is only a short drive from some of the finest outdoor recreation areas in the country. If you like to fish, hunt, boat, hike, camp, ride off-road vehicles or ski, the area surrounding Fallon is the place to do it. Ghost towns, historical sites and old mines tell of Nevada's old west history. Yet, there is big city excitement nearby too. Carson City, Nevada's state capitol, and Reno with its 24-hour entertainment are only an hour away.

HISTORY: Following the Japanese attack on Pearl Harbor, the US Army built four air bases on the eastern side of the Sierras to provide defensive facilities from which the US could launch aircraft in the event of an air war over California. The naval victory over the Japanese fleet at Midway ended the threat of an invasion of California's coast. With the Japanese threat eliminated, the air base at Fallon was offered to the Navy for training pilots for the air war in the Pacific. The air field was designated as a Naval Auxiliary Air Station, falling under the command of Naval Air Center Alameda. The end of the war eliminated the need for the air strip and Fallon was placed in caretaker status until the Korean War, when it was once again designated an Auxiliary Landing Field for Naval Air Station, Alameda. In 1953, the Secretary of the Navy redesignated the station as a Naval Auxiliary Air Station under the command of Fleet Air, Alameda. New construction followed and in 1958, the landing strip was named after LCDR Bruce VanVoorhis, a Fallon native who lost his life and won the Medal of Honor for his valor in a bombing mission against the Japanese in the Solomon Islands in 1944. The early 1960's saw millions of dollars in development funds to expand the station and its bombing ranges to prepare air crews for duty in Vietnam. In 1972, Fallon was designated a Naval Air Station. Naval Air Station Fallon now serves as the primary aircraft familiarization and weapons training site for Navy Carrier Air Groups and Marine Corps Air Groups prior to deployment to the carrier or air-ground combat operation air group. Naval Strike and Air Warfare Center (NSAWC) provides advanced tactical air-to-ground and air-to-air combat instruction.

NAS FALLON'S MISSION: To operate and maintain an airfield and associated bombing and electronic warfare ranges. Provide weapons training for tactical aviation units of the Navy, Marine Corps and other such aviation units as may be directed by the Chief of Naval Operations. To operate and maintain an intermediate maintenance activity to provide logistic and maintenance support to tenant and transient aviation units.

- 7 miles south of the City of Fallon, Nevada - 65 miles south east of Reno/Sparks, Nevada - 64 miles east of Carson City, Nevada - 383 miles northwest of Las Vegas, Nevada

If you are flying into the Reno-Tahoe International Airport, you NEED to contact your Sponsor AT LEAST two to three days prior to arrival, and make arrangements to be picked up. The airport is about an hour and a half, one way, from Naval Air Station Fallon. If you have not made prior arrangements, you can call the JOOD at (702) 426-2715 and make arrangements for the Duty Driver, but plan on waiting an average of three to four hours for the Duty Driver to arrive. The other alternative is to take a bus from Reno to Fallon. This will involve taking a taxi to the Greyhound Bus Station in Reno, then taking one of the two local bus services which provide service to Fallon. If you choose this option, plan on spending the night in Reno. The taxi fare to Naval Air Station Fallon from the Reno-Tahoe airport will exceed $100.00 and is NOT reimbursable!

DRIVING: If you are driving to Naval Air Station Fallon from Reno/Sparks: Take I-80 East to the Fernley/Fallon exit (#48); veer right; and at the first traffic light make a left onto Alternate US-50. Alternate US-50 will take you directly into Fallon. In Fallon, US-50 turns into Williams Avenue. Continue down Williams to Taylor Street (US-95 South) Turn right onto Taylor Street. Approximately 5 miles out of town, turn left on Union Lane. Proceed east to Pasture Road. Turn left onto Pasture Road, the main gate will be approximately 1/4 mile on your right.

FINANCIAL PREPAREDNESS: If you are married or a single parent and are bringing your family, plan on having $3,500 to $5,000 in cash and/or travelers checks for start up. This money can be accumulated from advanced dislocation allowance, per diem and travel. See your local Personnel Support Detachment Office for specific information on all the advanced pays and allowances you are authorized. The estimated start up money includes; rental and security deposits (at least first and last months rent), this amount will vary with the size and type of the rental unit. Nevada is one of the highest cost states for medical care. The Branch Medical Clinic is very small and limits dependent care to space available, NORMAL DUTY HOURS, ONLY!! As part of the Navy-Marine Corps Relief Office, there is a Naval Air Station Fallon Hospitality Room located in barracks 2. It provides many hospitality items such as dishes, silverware, pots, pans and bedding. These are available to military families while waiting for your household goods to arrive. Upon arrival, it is recommended that you contact the Navy-Marine Corps Relief Office at 426-2739, if you need any of the above items.

Local Community

Local Community Overview
Fallon, County Seat of Churchill County, is a small, rural agricultural community, with a population of just over 4200 people. Fallon is located in the high desert at 3,965 feet elevation above sea level, and is typical of most small rural towns with very few of the big city crime problems. Fallon has friendly helpful people to welcome you. Fallon was founded in the early 1900's when the Newlands Irrigation Project diverted water from the Truckee and Carson rivers allowing for agricultural development. The City received its name from a local rancher named Mike Fallon who ran the post office and trading post. Alfalfa, sugar beets and "Hearts 'O Gold" cantaloupe are the principle crops. The Fallon area has been occupied by various native peoples dating back 10,000 years. Petroglyphs and cultural artifacts are located throughout the region. The area is home to three Native American tribes; Paiute, Shoshone and Washoe. Fallon is the home to one reservation and an Indian Colony. About 10% of the population is Native American. Each July the All Indian Rodeo is held at Churchill Fairgrounds and is a major highlight. Several mining towns sprang up and died in the rush for gold and silver early in Nevada's history. Mining is still an important industry for the region and state. Austin and Gabbs are living ghost towns, while Rawhide has returned to the sage brush and tumbleweeds.

CHURCHILL COUNTY SCHOOL DISTRICT
The school district provides services to over 4,300 students in seven schools which are ALL located in Fallon, Nevada. Because of its growth over the past seven years, (3.0+ percent annual growth) the district has two year-round elementary schools and three traditional calendar elementary schools. The district also includes one junior high and one high school. An early childhood program is available for preschool students considered at risk. With a staff of over 400 people, the school district continues to provide a high quality of education for its students. The elementary students consistently score above the national average on the Comprehensive Test of Basic Skills each year, while the secondary students scores are constantly above the national and state averages of the ACT and SAT college entrance examinations.

STUDENT REGISTRATION CENTER (SRC)
Location: 690 S. Maine Street, Fallon, NV 89406 Phone: 428-2800 Hours: 0745-1615, closed 1-2pm Comments: To avoid registration delays and entry into school, PLEASE present the following records:

IMMUNIZATION (SHOT RECORD): All students enrolling in Nevada schools must have proof of up-to-date immunizations. Immunization records are to be presented to the SRC. The SRC issues a card of certification, which is mandatory for the registration process.

PROOF OF BIRTH: A certified copy of the birth certificate, passport or official baptismal record must be presented at the time of registration. A 30 day signed waiver will be allowed, but records must be presented the school within 30 days.

PREVIOUS SCHOOL INFORMATION: Information from previous school, including the complete name and address of the school attended, test data, health records, grade and/or ability level, last report card, along with information concerning special classes is important in making the appropriate student placement.

REGISTRATION PROCEDURES All students new to the district or students not currently enrolled must register at the SRC before they can attend class.
At the SRC, students and parents will complete all necessary enrollment forms. After the registration packet is completed, the Jr. and/or Sr. High School student must obtain an appointment with their counselor. This is accomplished by calling the school's counseling office. The counselor will look at the student's transcripts and report cards to determine what credits are needed and what classes would be best for him or her. The student's last report card can be most helpful in this process.

NOTE - CHURCHILL COUNTY SCHOOL DISTRICT IS NOT ZONED. CHILDREN WILL NOT ALWAYS BE PLACED IN THE SCHOOL THEY LIVE CLOSEST TO.

Placement is accomplished according to the following guidelines:

1. AGE APPROPRIATE: Children are almost always placed in the grade in which they would be with peers their own age.

2. SPECIAL NEEDS: If the child is currently receiving special education help or has other specific needs such as English as a Second Language, the placement is determined by where the child can get the most appropriate assistance for their handicapping condition.

3. SIBLING PLACEMENT - We strive to keep families with elementary age children together at the same school on the same schedule.

4. HOMEROOM CLASS SIZE - The district has placed a "cap" on each homeroom class per grade.

5. "AT-RISK" PLACEMENT - The SRC attempts to distribute "At-Risk" children evenly.

6. PARENTAL PREFERENCE - If all the above factors are considered equal and openings occur in several classes, parents may have a choice between several different schools and/or tracks.

Medical And Dental

Medical and Dental Overview

***Per CNO direction, NAVADMIN 040/95, paragraph 2; "MEMBERS ORDERED TO THIS LOCATION (FALLON, NV) AND THEIR FAMILIES MUST COMPLETE ISOLATED DUTY SCREENING PROCESS PRIOR TO DETACHMENT FROM THEIR CURRENT DUTY STATION;"

Nevada is one of the highest cost states for medical care. The Branch Medical Clinic is very small and limits dependent care to SPACE AVAILABLE, NORMAL DUTY HOURS, ONLY!

BRANCH MEDICAL CLINIC: The Branch Medical Clinic Fallon is dedicated to providing quality medical care to all active duty personnel, their families, retirees and other beneficiaries. We offer multiple services and programs to assure we meet this goal.

Hours of Operation: Monday, Wednesday, Friday: 0730-1800 Tuesday : 0730-1600 Thursday : 1730-1430(CLOSED Thursday afternoons for Medical Staff Training!) Saturdays : 0900-1200 Wart Clinic (Wednesday, no appointment necessary!) 1300-1400

OTHER POINTS OF CONSIDERATION: Patients are seen by appointment ONLY! If unable to keep an appointment, we ask that patients call to cancel as soon as possible. Initially, all active duty personnel must report to the clinic for any medical care. Duty corpsmen and a duty Medical Officer are standing by 24 hours a day. If active duty personnel seek medical care at a civilian facility without pre-authorization from the Branch Medical Clinic, the Navy will refuse payment and the member will be responsible for the bill. If traveling on leave or TAD and requiring medical care, active duty personnel may go to a civilian facility if a military treatment facility is not available. The member must follow-up at the Branch Medical Clinic as soon as possible and turn in all bills immediately upon return. Currently, the clinic does not provide after hours care to non active duty beneficiaries. TRICARE is improving access to health care in the Fallon area. It is recommended that you look into CHAMPS/TRICARE supplemental insurance, which is offered through many of the armed forces benefit associations and insurance companies. The Health Benefits Advisor at the clinic can provide counseling and listings of organizations and insurance companies which provide supplemental insurance. Finally, many exciting changes and improvements to your health care access are anticipated with the coming of TRI-CARE. Watch the station paper and Plan of the Week for announcements concerning these changes. Information on TRICARE can be obtained by asking the Health Benefits Advisor. If you have a problem, concern, or recommendation, please contact us!

****TRI-CARE**** NAS Fallon is in Region 7. The TRICARE office is located in room 324 within the Branch Medical Clinic. Hours of operation are from 0730 to 1730 Monday through Friday.

GENERAL INFORMATION ABOUT TRICARE IN FALLON Active duty personnel are automatically enrolled in TRICARE Prime. Active duty personnel do not have an option in this matter. The health care provider is the Branch Medical Clinic.

ACTIVE DUTY DEPENDENTS There are three different TRICARE Medical Programs to choose from for dependents of active duty military. Option 1, TRICARE Prime: No annual deductible to pay for family or individual. The Branch Medical Clinic as well as private physicians can be medical providers. An enrollment period is for a 12 month period and can be done at any time. Prime will become effective the 1st of the next month if enrollment is completed by the 20th of the month. After the 20th of the month coverage will not take effect until the month after next i.e.(enroll on the 20th of May or before, coverage begins 1 June. Enroll on the 21st of May or later, coverage begins 1 July). Remember to disenroll from Prime prior to leaving your duty station and transferring to a new base and region! Option 2, TRICARE Standard: Same as CHAMPUS. You can choose any civilian provider to receive medical care. After an annual deductible is met, you pay a percentage of the total charges for any medical care you receive. Providers who do not accept CHAMPUS assignment may bill you for charges over the Standard allowable rates. TRICARE pays 80% of allowable charges and you pay 20% plus any charges over the allowable. Option 3, TRICARE Extra: Same as Standard, but by using providers in the civilian TRICARE network you receive an additional 5% discount. TRICARE pays 85% of allowable charges and you pay 15% plus any charges over the allowable. With both TRICARE Standard and Extra, before TRICARE pays anything you must have paid the annual deductible!!

RETIRED BENEFICIARIES (Under the age of 65) We recommend that retirees contact the TRICARE Service Center to obtain information on the TRICARE Care program options because there are multiple decisions that need to be made depending on your specific situation.

RETIRED BENEFICIARIES (Over the age of 65) We can assist you in identifying medicare providers, mail in pharmacy services for those in BRAC areas, and offer support in locating local resources to try to meet your needs.

Housing

Housing Overview
Government quarters, consisting of 2, 3 and 4 bedroom units are available on and off base. However, there is currently a waiting list for all units; See subtopic "Government Housing" for time frames. Since the waiting list varies with the size of the unit, it is recommended that you complete, as soon as possible, an application for on-base housing (DD Form 1746). Include with this form a copy of your orders, with the detaching endorsement from your command and your current page two. Upon receipt of your application, a determination is made for the size quarters you are eligible for. A Status of Housing Availability (DD Form 1747) then will be forwarded. The information on the DD Form 1747 will give a better idea on when quarters will be available, and what housing arrangements you should be prepared to make upon your arrival. Civilian Housing is at a premium in the local area. Apartments are available, but homes of all sizes can be difficult to find. Prior planning and contact with the housing office will help decrease frustration and long searches for housing.
